Dear Sir:

This letter is written in response to your letter dated October 9, 1990, wherein you asked if there were any objections to dismantling an incinerator at Alco Steel Service in Joliet. The unit in question is a wire reclaiming incinerator. Soil and ash samples taken from the unit and the nearby ground several years ago revealed evidence of dioxin contamination.

The Division of Air Pollution has no objection to dismantling the unit. However, you should contact the Division of Land Pollution Control at 217/782-6760 to ascertain if any requirements pertain to the disposal of the incinerator or treatment of the soil. I hope this letter has been responsive to your request.

Sincerely,

Bharat Mathur, P.E.

Your No. 197809ABG

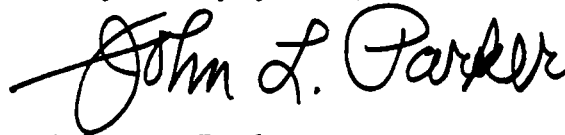

Dear Mr. Mathur:

This letter is written at the suggestion of
Mr. William Zenisek of your Field Operations Section.

Alco Steel would like to dismantle and
dispose of the incinerator referred to in your Permit
No. 73080048. Please advise whether you have any
objection to this.

We appreciate your assistance in this
matter, and look forward to your prompt reply.

Very truly yours,

JLP:dsc
